Job Description
<p>ROLE AND RESPONSIBILITIES</p> <p>The industrial technician position is responsible for performing highly diversified duties to install, troubleshoot, repair and maintain facility equipment and systems.</p> <ul style="list-style-type: none"> ● Provide installation as well as emergency and scheduled/preventative repairs of industrial equipment, systems and facilities. ● Ensure operation of mechanical equipment by completing preventive maintenance on motors, conveyor systems, and production machines. ● Remove and replace defective parts by dismantling devices; using hand and power tools. ● Prepare mechanical maintenance reports by collecting, analyzing, and summarizing information. ● Perform a variety of simple machinist/construction duties and responsibilities. ● Diagnose problems, replace or repair parts, test and make adjustments. ● Use a variety of hand and power tools, electric meters and material handling equipment. ● Comply with safety regulations and maintain clean and orderly work areas. <p>COMPETENCIES</p> <ul style="list-style-type: none"> ● Technical Capacity ● Ethical Conduct ● Communication Proficiency ● Results Driven ● Initiative

WORK ENVIRONMENT

While performing the duties of this job, the employee is frequently exposed to airborne particles, moving mechanical parts and vibration. The noise level in the work environment and job sites can be loud. At times, the employee will be required to work at elevations up to 40 feet. While most of our work is conducted inside, a portion of our work is done outside and exposure to the elements is to be expected.

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is regularly required to talk and hear. This position is very active and requires standing, walking, bending, kneeling, stooping, crouching, crawling, and climbing all day. The employee must occasionally lift and/or move items over 75 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception and ability to adjust focus.

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- High school diploma/GED required
- Must have reliable transportation to/from jobsite

PREFERRED SKILLS AND EXPERIENCES

- Mechanical and industrial maintenance skills
- Completion of a craft apprenticeship or industrial maintenance experience
- Experience with electrical, plumbing, and HVAC systems
- Experience with troubleshooting, diagnosing, and assessing systems for source of failure, or potential failure

ADDITIONAL NOTES

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.

MTAC IS does not discriminate in any employment practices on the basis of race, color, religion, gender, national origin, age, disability, or other characteristics protected by law. Decisions at MTAC IS are made solely on the basis of merit, ability, qualifications, and character. MTAC prohibits the use of drugs, alcohol and cigarettes during work.
